## Short Description

---

## Additional Information

---

|                                     |  |
|-------------------------------------|--|
| Stock Number                        | BA9-1006760                              |
| Angle Iron Capacity (Size/Min Dia.) | Size: 2" (.196") / Min. Dia.: 24"        |
| Model Number                        | R-CNC45                                  |
| Prop 65                             | Cancer and Reproductive Harm             |
| Style (Type)                        | CNC Roll Bender                          |
| Warranty                            | 1 Year                                   |
| Weight (Lbs.)                       | 1728                                     |
| Gross Weight                        | 1670.0                                   |
| Digital Readout                     | Yes                                      |
| Distance Between Shaft Centers      | Adj. (lower rolls)                       |
| Driven Rollers                      | 3.0000                                   |
| Input Power                         | 220V - 3-Phase                           |
| Pinch                               | Single with Interchangeable Bottom Rolls |
| Pipe Capacity (In.)                 | Size: 2" (sch. 40) / Min. Dia.: 80"      |
| Upper Roll Diameter                 | 6.693                                    |
| Lower Roll Diameter                 | 6.693                                    |
| Round Tube Capacity (In.)           | Size: 2.5" (.100") / Min. Dia.: 60"      |
| Shaft Diameter (In.)                | 1.77"                                    |
| Square Tube Capacity (In.)          | Size: 2.00" (.110")                      |
